

# CADWorx Workshop

21<sup>st</sup> September 2016

A Deep Dive into CADWorx P&ID Professional & Experience the Proper Techniques for Working with Intelligent P&ID

The process of creating piping and instrumentation diagrams (P&IDs) should be fast, efficient, and transparent. With CADWorx P&ID Professional, you can produce fully **intelligent** process diagrams that seamlessly tie into your current corporate standards. CADWorx P&ID Professional uses both industry-standard symbols and those that you use internally through its programming-free interface. Attendees will learn benefits of intelligent process and instrumentation diagrams and how to minimize the impact of changes to your existing workflows.
