

INTERGRAPH® CADWORX® & ANALYSIS SOLUTIONS DISCOVERY TOUR 2016

10 MARCH 2016, MALAYSIA

MENARA BINJAI, KUALA LUMPUR

Discover what you can achieve with the industry-leading Intergraph® CADWorx® & Analysis Solutions! Each year the worldwide Discovery Tours attract hundreds of plant designers and engineers who are looking for efficiency, cost-saving, and collaboration benefits that can be achieved with Intergraph CADWorx and Analysis products.

This one-day event hosted by Intergraph and Sutera Analytics will highlight the Intergraph CADWorx Plant Design Suite, an integrated series of AutoCAD®-based solutions for intelligent design; CAESAR II®, the world's leading pipe stress analysis solution; PV Elite®, a complete solution for vessel and heat exchanger design, analysis, and evaluation; and TANK™, a comprehensive tool for oil storage tank design and analysis.
